15. Multidisciplinary / interdisciplinary

The Vision of National Education Policy, to provide high quality education to develop human resources in our nation as global citizens, is well taken by our institution. A discussion among the faculty members was initiated on the key principles of NEP such as diversity for all curriculum and pedagogy with technological innovations in teaching and learning, encouraging logical decision making and innovation, critical thinking and creativity. It can be said that the college is proactively working towards implementation of the suggestions given in the NEP.

16. Academic bank of credits (ABC):

The institution preparedness in implementation of Academic Bank of Credits depends upon the guidelines of the affiliating university and Higher Education Department, Maharashtra. For this purpose, a centralized database along with the database of the college is to be established to digitally store the academic credits earned by the student from various courses, so that the credit earned by student previously could be forwarded when the student enters into the program again. For monitoring ABC, proper technical support system is to be created.

17. Skill development:

The Institution is already conducting the skill enhancement courses as designed by affiliating university from Semester 3 to 6 in B.A, B.Com and B.Sc. programs. The institutional preparedness reflects clearly as recently we have introduced B.Voc. Programmes in agriculture, Green house technology,

software development realizing the importance and the necessity for developing skills among students, and creating work ready manpower on large scale. Proper synergy is the need between skill development and industry and to vocationalise education with mainstream education with earned credits in phased manner.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Our institution encourages learning of Indian languages of Hindi, Marathi by offering UG, PG and PhD degrees. Webinars and seminars are offered to encourage the learners and understand the cultural values permeated by the literary works. In order to integrate the local language, art and culture, compulsory activities in the curriculum has to be added like literary activities etc. and through discussions/interactions/symposiums etc. in local languages which will fetch extra credit to the student. Frequent field trips to local heritage sites/museum shall value their culture and traditions.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

OBE aims to bring about uniformity in syllabus for all programs. Our college follows CBCS Pattern for UG and PG programs. We have implemented OBE with clearly stated PO, PSOs and COs. All courses are designed with outcomes centered on cognitive abilities namely Remembering, Understanding, Applying, Analyzing, Evaluating and Creating. The student learning outcome should be defined in terms of knowledge skills understanding values and employability.

20.Distance education/online education:

Our institution was already prepared, especially during COVID-19 pandemic situations and teaching learning process was through different online modes. The whole college campus is Wi-Fi enabled with digitally interactive panels installed in 3 classrooms. Hence there is no hindrance in online education. We make available all such type of e-content material prepared by faculty members to all students through online mode to meet the future challenges.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

This year the complete curriculum delivery took place in online mode due to the pandemic. The Principal, the Heads of department and all the teaching staff had online meetings from time to time and implemented the online mode of the teaching learning process effectively. Regular Time Table was used for online classes as suggested by Time Table Committee. The college decided to use zoom, google meet apps for curriculum delivery. WhatsApp groups of all the classes were formed by the college to share all the important announcements, notices and the time tables with the students. The teachers conducted lectures by scheduling zoom meets, Google Meet on Google Calendar as per their individual time tables. The syllabi, notes and zoom, Google Meet links were shared with the students in their WhatsApp groups. Most of the teachers used PPTs, YouTube videos audios and other online materials to make the teaching learning experience more effective. Online group discussions were conducted during the online classes for ensuring the maximum participation of the

students. Practical sessions of the Science faculty were conducted online through zoom, Google Meet. The students who had Projectwork, submitted the projects in PDF format. The online attendance was recorded. The optimum use of Information and Technology (ICT) was made by the teachers.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The cross cutting issues like Professional Ethics, Gender, Human Values, Environment Sustainability are the parts of almost all the courses of Humanities, Commerce and Science. They are reflected in the syllabus directly or indirectly. The papers of English Literature, Marathi Literature and Hindi Literature taught to BA classes deal directly with Human Values in the poems, short stories, novels and plays. The papers like Communication Skills, Business Communication, Professional Skills Development Course, Corporate Communication and Public Relations, and Business Ethics taught in the college have Professional Ethics as the part of their syllabi. In F.Y.B.A/F.Y.B.Com/F.Y.B.Sc, There is a special subject called Environmental Studies which is mainly introduced to make the students aware of Environment and Sustainability. The Foundation courses which are compulsory subjects for FYBA, FYBCom., FYBSc. and SYBA, SYBCom., SYBSc., directly contribute in sensitizing the students to the issues like Gender equality, Human Values, Professional Ethics and Environment Sustainability. The courses of BSc. in Computer Science and have the topics like Soft skills, Ethical Hacking and Soft computing in the studies. These value-added courses help to build the overall personality of the students.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The fast learners can adopt a "know-it-all" state of mind and can soon become lazy. On the other hand, slow learners might be hard workers and will do whatever it takes to find the answer. Fast learners can find things too easy and cut corners with processes as well. There is an informal mechanism to assess the learning level of the students. Further, no special programme was organized for advanced learners, and not even for the slow learners because of the pandemic. But the doubt clearing sessions were conducted by the teachers during their regular classes. Unit tests, assignments, and tutorials were engaged by the departments to assess the learning level of students.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Many departments from the college have conducted student-centric learning methods to develop experimental and participative learning. The problem solving methodologies are also applied in

many departments. The department of English has carried out many activities like students' presentations, group discussions, debates, and peer teaching. The department of psychology has exercised many small experiments learning processes on proactive and retroactive interference on memory, thinking and imagery, role plays, and creative problem solving. Further, the Department of Computer Science has given many topics beyond to prepare models or charts to be aware of new technologies and tools. For the application of agriculture and rural area based knowledge, the Department of Botany organises a field camp for the students and conducts viva - voce based on the same.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

All undergraduate and postgraduate examinations are conducted by the college following Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon. rules and regulations. For students internal as well as external examination related grievances are sorted by using Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon. guidelines and rules and regulations. If after the declaration of the result if a

student is not satisfied with his result then provision of revaluation is applicable for all internal, external, practical examinations. Students will have to apply within the given time for revaluation. The revaluation process is transparent. Masking of answer papers will be done by the college and all such papers are evaluated. If the marks difference is more, a second revaluation is done. Results of revaluation are declared as early as possible at the college level examination so that students will get justice. Even for copy cases, students are also given a chance to explain their side before an unfair means committee.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Program and course outcomes provide a powerful framework on which the curriculum and related activities are structured and carried out. The program and course outcomes of all the courses in our college are learner-centred and maximum emphasis is given to the successful fulfilment of these outcomes. Our teachers make planned and collective efforts in order to make sure that the students in every course possess the essential and enduring disciplinary knowledge that is expected on successful completion of the program or course.

The program and course outcomes are discussed with the students at the first few lectures by every teacher at the beginning of every academic year so that the students are well-informed and aware of the theoretical content and practical techniques that they are expected to learn throughout their program/course. This helps the students to have a basic understanding of the subject and to visualize a clear scope of its outcomes. Program outcomes, program-specific outcomes and course outcomes for all programs offered by the institution are stated and displayed on the website of the institution mentioned below:

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Practice I World Mental Health Day Event

Our institute is located in Nandurbar, where a majority (approximately 70 to 80%) of students belong to the Scheduled Tribes (ST) category, these people have very high stigma and superstitious beliefs about mental health. Mental health programs are particularly helpful in breaking the stigma and superstitious beliefs associated with mental health and mental disorders. For this each year, Department of Psychology

celebrates World Mental Health Day, an occasion dedicated to raising awareness and understanding about mental health. As part of this annual celebration, we extend invitations to renowned psychiatrists and esteemed professors who possess expertise in the field to deliver insightful lectures on various mental health conditions. These talks serve as a valuable source of knowledge, shedding light on the complexities of mental well-being and offering practical advice for those affected.

Practice II

Polythene Bag Technique for Mushroom Cultivation: Empowering Tribes in Nandurbar District

Objective: The objective of this project is to introduce and promote the polythene bag technique for mushroom cultivation among the tribal communities in Nandurbar district. Through this initiative, we aim to enhance their livelihood opportunities, improve nutrition, and empower them with sustainable farming practices
